

**Some inspiration for your
miniature garden.**

For more ideas go to <http://pinaholicmyrie.com/creative-garden-container-ideas/>

You will need to bring along the container for your garden and we can supply the rest.

Remember that it is a mini-garden so the container needs to be an appropriate size for you to carry home.

We also have a supply of plastic pots if you need them.

Start looking around for a container / pot / old shoe / basket or anything else that is appropriate.

Bring it along to school to create your mini garden.
